

Lescy G. Caadlawon

Mandaluyong, Philippines

+639692467870 | lescycaadlawon.dev@gmail.com | lescygcaadlawon.tech | linkedin.com/in/lescycaadlawon

Professional Summary

A degree holder of Information Technology with hands-on experience building and deploying backend-driven web applications, REST APIs, and database driven systems using Laravel, Node.js, SQL and cloud infrastructure. Proven track record shipping full-stack systems end-to-end, from schema design and API architecture to cloud deployment and performance optimization. Strong foundation in authentication, role-based access control, and real-time integrity.

Professional Experience

Isla Tech IT Solutions

June 2026 – August 2026

Full-Stack Developer

Remote, Philippines

Project: LGU Water District Management System | [Live URL](#)

- Built and deployed a full-stack LGU Water District Management System within a tight 3-month timeframe, that streamlined customer records, billing, payments, meter readings, service operations, and real-time reporting.
- Engineered secure role-based access, employee-only Google OAuth, REST APIs, PostgreSQL workflows, audit logging, and cloud storage using Next.js, TypeScript, Prisma, Neon, and Cloudflare R2.

DPWH Virac

Feb 2026 – May 2026

IT Support & Maintenance Intern

Catanduanes, Philippines

- Assisted in domain configuration, workstation networking, and system troubleshooting across multiple department offices.
- Performed preventive maintenance and technical support for computers, printers, and office systems, reducing hardware downtime by 40%.

Web Developer

May 2023 – Nov 2025

Freelance

Catanduanes, Philippines

- Architected and deployed server-side web applications for 5+ clients using PHP/Laravel and MySQL on cloud hosting environments.
- Built reusable backend modules and API integrations, cutting average project delivery time by 25%.
- Implemented responsive frontends as part of full-stack deliverables, primary value delivered through backend logic and database designs.

Projects

ARIBA BATO | *Figma / Adobe Illustrator* | [Figma URL](#)

2026

- Spearheaded the end-to-end UI/UX design for an augmented reality mobile game, creating 60+ pages of high-fidelity mockups, interactive prototypes, and visual assets.
- Collaborated closely with the lead & programmer to ensure seamless integration of user interfaces with complex technical requirements and game logic.

Personal Portfolio + AI Chatbot | *Next.js – Supabase – Vercel AI SDK* | [Live URL](#) | [GitHub](#)

2026

- Built backend API layer using Typescript and Node.js, integrating Supabase as the primary database and auth provider.
- Integrated an AI chatbot via Vercel AI SDK to automate visitor inquiry handling, reducing manual response workload by 70%.

Education

Catanduanes State University

Aug 2022 – June 2026

Bachelor of Science in Information Technology | 1.4 GWA (Cum Laude)

Catanduanes, Philippines

- Dean's Lister (2022-2023 | 2024-2026)

Certifications & Courses

Backend & Cloud: Web Development (Laravel), Oracle Cloud AI Associate, GitHub Foundations

Security: Junior Cybersecurity Analyst Career Path (CISCO)

AI & Product: Prompt Engineering (IBM), GenAI (Google), UX Design (IBM), Technical Support (Google)
